

GET Cross Reference 2013

Note: This chart is only for cross reference the equivalent sizes between ESCO and competitive tooth systems. It should not be used to apply ESCO product when replacing a competitive system since the competitive system may not properly match the machine and application. Refer to the ESCO Nose Size Recommendation Chart in the product specification catalogs to properly size ESCO systems.

ESCO Ultralok		U20	U25	U30	U35	U40	U45	U55	U55 U60	U60
