DuraLine

RUBBER PADS

Trusted by contractors across NZ.

DuraLine rubber pads are suited for roading, drainage, rail, demolition, and a range of other industry demands that can't afford downtime.

WHY CHOOSE DURALINE PADS...

- **Quality Approved**
Manufactured in ISO 9001 approved production facilities with rigorous quality control procedures.
- **Large Stock Availability**
Finely tuned stock control with warehouses in both Islands minimise downtime and ensure we have the pads you need, when you need them.
- **Fast Delivery**
Over 90% of orders are dispatched the same day from our warehouses in both Islands.

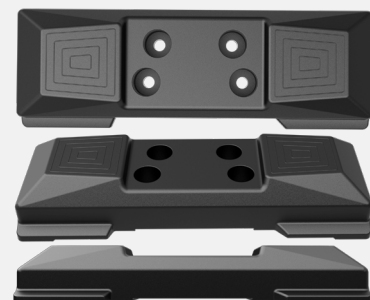

BOLT-ON PADS

An excellent solution for converting steel tracked machines to rubber pads for working on finished surfaces. Available in 300mm to 700mm widths.

CLIP-ON PADS

With a fixed bracket on one side & a clamp fitting on the other, this pad can quickly convert a steel tracked excavator to safely operate on fragile surfaces.

CHAIN-ON PADS

Bolts directly on to the steel track chain. Ideal for machines from 5T to 26T for a wide variety of applications including rail infrastructure work.
